Dear Director Cipriano,

I am most concerned about the proposed listing of the Sauget Area I and 2 as potential Superfund Sites.

I am sure you are well aware that the remediation/clean up of "Dead Creek" is almost complete. I am told that the exposure potential will shortly be non-existent. I am also told that the toxicity risk will also be absent.

All remediation work has been done by Solutia over the past three years, under the full oversight and approval of the U.S.E.P.A.

I am truly concerned about the economic impact this potential listing could have on our Cahokia community.

Please find attached a letter sent today to the Docket Coordinator of the U.S.E.P.A.

Would you be so kind as to make any suggestions of how I can further express my concerns about this proposed listing?

Sincerely,

Denita Reed  
Mayor
